WELD COUNTY DESIGN-BUILD TEAM TO HOST CORRIDOR OPEN HOUSE MEETINGS IN HUDSON AND KERSEY

WELD COUNTY, CO – This month, the WCR 49 Corridor Project Design-Build Team will host two open houses, one on each end of the corridor, for residents and the public. The first open house will be on Wednesday, December 9, at 6:00 p.m. in the Hudson Fire Station Classroom located at 702 Cedar Street in Hudson. The second open house will take place on Wednesday, December 16, at 6:00 p.m. in the Platte Valley Middle School Cafeteria located at 700 Hill Street in Kersey.

The open houses are an opportunity for the public to hear about the construction phasing plan for the corridor, to meet members of the Design-Build Team and to speak with elected officials including the county commissioners.

"It is very important to not only the Commissioners but also the Design-Build Team that the county frequently updates the residents and the municipalities on the Corridor Project," said Commissioner Chair Barbara Kirkmeyer. "Since construction will start soon, we want to make sure residents have the information they need regarding the project and how it will impact their commute."

"As the county's largest road construction project begins, the Board would like to encourage anyone who drives WCR 49 to sign up for email or text updates on the county's website," said Commissioner Sean Conway, coordinator for the Department of Public Works. "The updates are regularly sent out and will provide valuable information such as lane closures and detour routes."

A RSVP is not required for the open house meetings and the public is encouraged to arrive at 6:00 p.m. for a short presentation. If you have questions but are unable to attend either meeting, please email your questions to 49info@weldgov.com.
