SPOTLIGHT WELD COUNTY INTRODUCES 2016 CHAIR, PRO-TEM AND UPCOMING COUNTY PROJECTS

WELD COUNTY, CO – The January episode of Spotlight Weld County, featured on the county's YouTube Channel, introduces residents to the 2016 Chairman of the Board, Pro-Tem and upcoming county projects.

Commissioner Mike Freeman explains the roll of the Chairman for the Commissioners as well as the role each commissioner has in coordinating with the various county departments for the year. Because Weld County does not have county manager, commissioner coordinators work directly with department heads for updates, issues and project progress reports for each of the county's various departments.

Commissioner Sean Conway, who is serving as Pro-Tem for the Board this year, joined Freeman in highlighting the numerous large-scale projects the county is involved in and will continue working on this upcoming year.

The Spotlight Weld County video series was started in 2014 as a way for the Weld County Board of Commissioners to share county information directly with the public. To date, the Weld County YouTube Channel has received more than 9,000 video views.
