Frederick-Firestone Fire Protection District Ballot Question 6C

Commencing January 1, 2021, shall the Frederick-Firestone Fire Protection District eliminate its current structure of having five separate director districts ("wards"), which will:

- Eliminate the ongoing cost of organizing and compiling ward-specific elector lists and hosting ward-specific elections in every fire district election, making more taxpayer dollars available for emergency services;
- Minimize confusion for the electors;
- Allow all eligible citizens in the fire district the opportunity to run for any of the five director positions; and
- Allow all eligible electors in the fire district the opportunity to vote for all open director positions, rather than be restricted to voting only for a director from one district ("ward")?
