BUSINESS
Veris Environmental, LLC- Katie Sall presented 15 biosolids renewal applications. No public comments or concerns were received. Environmental Health recommends approval.

A motion was made by Tim Annable to approve the renewals. Joyce Smock seconded the motion and the motion was carried unanimously.

PRESENTATIONS
Cindy Kronauge, MPH, PhD, Health Data Specialist, HECP Division – 2019 Community Health Survey.

Our survey is done every 3 years. We will be conducting a new one in September 2019. We send to about 10,000 households in Weld County. (Greeley/Evans, North, Southwest and Southeast). The survey consists of 50 questions. The people are selected at random and are addressed to current resident and it will have Weld County Department of Public Health and Environment as the return
sender. We send them a letter, postcard, then another letter asking them to complete the survey. They can either send it back by mail or they can do the survey on-line. This is done both in English and Spanish. We hope to get 2800 responses back. If you know of anyone who receives the survey, please ask them to take the time to fill out the survey. Their information is very important to us. “Your health matters. Your answers matter” Your confidential responses will help local agencies identify resources and needs for community programs to make Weld County a healthier place.

A motion by Linda Kautz to adjourn the meeting and was seconded by Joyce Smock. Meeting was adjourned at 9:27 am. Next meeting is Tuesday, September 24th, 2019.

Respectfully submitted,

Jeanne Beebe
