Currently read as:

3. New 4-inches of insulation with coverboard is required. New roof shall slope towards drains and scuppers.

6. New metal cap is not required. However, any cap that is not useable must be replaced and included in the bid.

Bids will be received up to, but not later than August 9, 2018 at 10:00 AM (WELD COUNTY PURCHASING TIME CLOCK).

**BID SPECIFICATIONS SHOULD NOW READ:**

3. New insulation (R-20 minimum) with coverboard is required. New roof and insulation shall slope towards drains and scuppers.

6. New metal cap is required. Note Metal cap is only required at existing location with metal cap.

14. It is anticipated the contract for this project will be executed by September 3, 2018. Based on this date, provide your start and finish dates.

15. The contractor is required to obtain a mechanical contractor to remove and reinstall the condenser units as needed to 1) allow replacement of the entire roof and 2) to ensure the roof warranty requirements are met. Contractor shall provide and install new pads for the condensing units to sit on.

16. Removal and reinstallation of the condenser units shall be done after normal business hours of Monday through Friday from 8 AM until 5:30 PM

17. There are seven penetrations that are labeled “not in use”. The County will remove the equipment/covers and the contractor will be responsible to cover the hole and seal opening with the new EPDM roof membrane.

Bids will be received up to, but not later than August 17, 2018 at 10:00 AM (WELD COUNTY PURCHASING TIME CLOCK).
