1) Question: What kind of pipe will be installed?
   Answer: Pipe shall be 4” perforated foundation drain pipe.

2) Question: Does the pipe need to have fabric or rock around it?
   Answer: Yes. The pipe will need to have a fabric sock and it will need to be fully bedded in a granular drainage material.

3) Question: I understand there will not be a site plan or drawings?
   Answer: The only plans we have available are the site plan that was included in the bid package posted on Bidnet and on the Weld County purchasing website.
